

GRANT COUNTY HEALTH DEPARTMENT ENVIRONMENTAL DIVISION

JOB OPENING:

The Grant County Health Department has an opening for an Environmental Health Specialist. This position requires the applicant to possess a valid driver's license and have dependable transportation. Applicants must also possess strong communication and computer skills. An Associate's Degree or Bachelor Degree in Public Health is preferred, but not required.

Environmental Complaints (received via phone, mail, e-mail, fax and walk-ins)

1. Process complaints and perform initial inspections on housing, sewage, animals, trash/debris, illegal burning, hazardous materials and other environmental concerns.

Tattoo Studios

1. Perform studio inspections, process license applications and all pertaining documents for establishments and tattoo/piercer artists.

Public/Semi-Public Pools, Spas, and Bathing Beaches

1. Perform testing and inspections of county pools.
2. Process water test results from Certified Laboratories

Residential Onsite Septic System

1. Site visits, plan reviews and inspections.

Mosquito Control/Surveillance

1. Implement a mosquito control/surveillance program for the county.

Assist, consult and maintain a strong working relationship with other agencies within the county. Perform other related essential duties as required.

Please provide a resume, cover letter, and references by 4:00 PM on August 31, 2017 to Peggy Bradley, EHS at the address below. **No Phone Calls**
